Participants must book their own flights. Romeis-Reisen recommends waiting until the booking confirmation for the camel trekking trip has been received before booking the flights, as the trip is only guaranteed once the booking confirmation has been received.

Information on arrival and departure:

Direct flights from Germany to Sharm el Sheikh (SSH) are rare. Recommendation: When booking a flight with Turkish Airlines, the group meets at Istanbul airport (meeting point at the Starbucks café/bistro in the airport hall) for the onward flight to SSH Egypt. The tour guide will meet the group at the airport in Sharm el Sheikh/Egypt. Other meeting points and times must be arranged in good time.

The group transfer from the airport to the camp and from the camp to the airport will be organized for the group at the common flight times on the day of arrival and departure. Transfers to and from SSH airport at other times may incur additional transportation costs.

I agree to my name and e-mail address being passed on to other travel participants.
